Now Price \$100

118- Yanina C, Heal, Inspire,
Empower. . 24"x18". acrylic on
canvas. 2009. Starting Bid \$50/
Buy Now Price \$100

ABOUT THE ARTIST,
G E R R I T G R E V E

Gerrit Greve is an internationally acclaimed fine artist living in Cardiff by the Sea, California. He is a third-generation Dutch colonial, born in Indonesia. His family subsequently moved to the Netherlands and later immigrated to the U.S., settling near Chicago. This multicultural exposure during his formative years has shaped both him and his art and informs many aspects of his work. He began drawing extensively under the tutelage of his parents at the age of three and has continued since then. Gerrit is now painting and living in southern California. His artwork is included in important public and private collections both in the U.S. and abroad. Since 1972 he has had numerous gallery and museum exhibitions, including a number of solo museum shows. Gerrit has been the subject of several television documentaries, including the Emmy Award-winning PBS series “Artists in Residence.” His paintings have been featured in many publications, including TIME Magazine. Notably, Gerrit’s painting; Northwest Territory is included in the book **“1001 Paintings – You Must See before You Die”** (2007).

THE HEALING ARTS AT FAMILY HEALTH CENTER OF SAN DIEGO

Thank you for supporting this event. As a patron of the arts, and of Family Health Centers of San Diego, you will enjoy a special place on our canvas of healing.

"Healthcare is more than just about doctors, nurses and patients; it's about the place where we all come together. A healing environment is artistic, warm, and inviting. Simply put, Art helps facilitate well being and makes the experience of getting care more enjoyable for everyone."

*DR. CAROLYN QUINTERO,
PEDIATRICIAN
Family Health Centers of San Diego*

"Art in healthcare is a natural way to create a healing environment where our patients can feel comfortable and welcome. We want our patients to feel like Family Health Centers is their healthcare home – a place where they feel at ease."

*MIRTHA GOMEZ, DDS
Family Health Centers of San Diego
Dental Services*

"At Family Health Centers of San Diego, our mission is to provide affordable healthcare to all who need quality medical services. With the support of our community, we can accomplish our mission to bring healthcare to those who are uninsured. Through events like this and with support from artists like Gerrit Greve, we have an opportunity to balance the science of medicine with the healing power of art."

*DR. FACIKA TAFARA, MEDICAL DIRECTOR
Family Health Centers of San Diego*

If you would like to know more about Family Health Centers of San Diego and our healing arts program, please contact us. We welcome your interest and involvement.
